ABOUT WT FINANCIAL GROUP LIMITED

WT Financial Group Limited has established itself as amongst the very largest financial adviser networks in Australia.

Business to Business Division

Our wealth management, retirement planning and personal risk insurance advice services are delivered primarily through a group around 400 privately-owned advice practices across every state and territory in Australia whose advisers operate as authorised representatives of our Wealth Today Pty Ltd (**Wealth Today**), Sentry Group Pty Ltd (**Sentry**), and Synchron Advice Pty Ltd (**Synchron**), and Millennium3 Financial Services Pty Ltd (**M3**) subsidiaries - collectively operating as our business-to-business (**B2B**) division.

Our networks of wealth and personal risk insurance advisers now collectively provide services to well more than 100,000 consumers and have in excess of \$23Bn of assets under advice; and annual in-force personal insurance premiums of more than \$430M.

Importantly, each of Wealth Today, Sentry, Synchron and M3 are B2B brands (rather than consumer-facing brands), with the financial advice practices in each of these cohorts operating under their own company, business and brand names - enabling them to build personal connection to their clients and the communities in which they operate. The practices we support come in all shapes and sizes from single-practitioner specialists to multi-disciplinary multi-adviser generalist practices.

While we have retained the brands of Wealth Today, Sentry, Synchron and M3, we have we have centralised our processes under our Wealth Adviser centralised support hub to drive efficiency and consistency in delivery of services across the four cohorts.

Our Wealth Adviser division provides our financial advice practices a comprehensive range of licensing, risk management & compliance, professional development, education & training, technical support, and practice management and development services.

Through regular in-person and livestreamed professional development programs and the publication of a library of more than 100 financial literacy handbooks and manuals, Wealth Adviser also offers market-leading consumer marketing and education tools and programs to advisers and their clients.

Business to Consumer Division

The Group's business to consumer (**B2C**) division delivers a range of financial advice services directly to wholesale and retail clients through its Spring Financial Group brand.

These B2C operations continue to help underwrite critical intellectual property, and skilled human resources experienced in the practical application of financial advice and services which enable the Group to provide meaningful "real world" support and insights to the independently owned advice practices it supports.

Advice is at the heart of everything we do

Our dedicated team embraces a collegiate approach that places advisers and their clients at the centre of what we do – interactions with the advice practices and advisers we support is best described as being based on respect.

That respect for advisers is founded on the fact that our key people know exactly what it's like to sit with clients every day; we know what's involved in creating presenting and implementing advice; we understand the challenges of building and maintaining a practice; and in turn the importance of maintaining and managing client relationships.

We know firsthand what it's like to deal with ever-changing education standards, complex legislative and regulatory overlays, and the many other challenges that our profession has had to confront over recent years.

These foundation stones have ingrained in our corporate DNA an innate understanding of the challenges and opportunities that face privately-owned financial advice practices across Australia, whether they are a single-practitioner specialist – or a large-scale multi-disciplinary multi-office corporatised operation.

Fundamentally we approach the entire business with advisers and their client relationships at the centre of what we do – our mission is to facilitate the provision of great financial advice while helping our advisers embrace the modernisation of the profession to maximise the opportunities before them and ensure they enjoy the profession we have all chosen.

1. Introduction

Corporate governance is a set of systems, policies and procedures which define the way in which a company is governed. It establishes the objectives of a company ensuring that the administration and management of a company is undertaken in a manner which is consistent with the interests of the company's shareholders. Additionally, it establishes a system for monitoring and evaluating the achievement of those objectives.

The ASX Recommendations define corporate governance as "the framework of rules, relationships, systems and processes within and by which authority is exercised and controlled in corporations".

Corporate governance policies will vary from company to company as there is no single system of corporate governance that is applicable to all companies. A company must establish systems, processes and policies that help it achieve its objectives in light of the nature and size of that company.

As a result, the Group has adopted a number of policies to ensure that it has high-quality and transparent systems of corporate governance in place. These policies are incorporated in this Charter and are prepared in line with the ASX Recommendations which the Board recognises as best practice guidelines.

6.1. Policy

The Board has established the following policy to apply to trading in the Company's shares on ASX. The Share Trading Policy applies to those persons defined below as "Restricted Persons" of the Company. Restricted Persons to whom the Share Trading Policy applies must restrict their buying and selling of the Company's shares within the Company trading window established by the Share Trading Policy. Any breach of this Share Trading Policy will be regarded as serious and will be subject to appropriate sanctions.

In addition to the requirements of this Share Trading Policy, all Restricted Persons (as defined below) must also comply with the Insider Trading Policy as set out in the General Governance Charter available on the Company's website.

6.2. Executive Restrictions on Trading

This Share Trading Policy and the restrictions on trading in the Company's shares set out below applies to the following representatives of the Company (**Restricted Persons**):

- (a) the Board;
- (b) directors and company secretary of any subsidiary of the Company;
- (c) any person who is entitled to receive equity performance rights and/or options as part of any equity incentive-based scheme of the Company;
- (d) any executive officer (whether or not a Director) involved in the strategic and operational management of the Group and including the Company Secretary (Executives); and
- (e) the Company Secretary.

The Restricted Persons are to be subject to restrictions on trading in the Company's shares at certain times of the year. Restrictions also apply where any Restricted Person is exposed to inside information in the course of their duties in accordance with the Insider Trading Policy.

6.3. Associated Parties

Each Restricted Person has a personal responsibility

to ensure that his or her “associated parties” (being immediate family (including a spouse (or equivalent) or dependent, family company or trust) complies with the same respective restrictions as apply to Restricted Person.

6.4. Prohibition on Restricted Persons Dealing in Shares

In addition to the overriding prohibition on dealing when a person is in possession of inside information in accordance with the Insider Trading Policy, Restricted Persons and their associated persons are prohibited (unless otherwise agreed to by the Board) from dealing in shares during:

- (a) each period from the Company’s financial year balance date to the date the Company releases its annual financial statements to ASX;
- (b) each period from the Company’s half-year balance date to the date the Company releases its half-yearly financial statements to ASX;

- (d) each period of 2 hours immediately after the time at which the Company issues an ASX announcement of the Company’s financial results or the holding of a Shareholders’ meeting,

unless otherwise agreed by the Board.

For the avoidance of doubt, it is emphasised that Restricted Persons may not deal whilst in the possession of “Inside Information” (see the Insider Trading Policy in the Company’s Corporate Governance Charter, available on the Company’s website).

6.5. Board of Directors’ discretion

The Board has an absolute discretion to place an embargo on Restricted Persons and/or Employees and/or their respective associated parties trading in the Company’s shares at any time.

6.6. Notification rules in relation to dealing in shares

Restricted Persons are required to notify the Company of intended dealings in the Company’s shares, by themselves or their associated parties, prior to such intended dealings. This should be done by written notice (which may be in the form of an email) to the

Chairman and the Company Secretary outlining:

- (a) name of Shareholder;
- (b) type of proposed transaction (purchase, sale, etc.); and
- (c) number of shares involved.

The Chairman and the Company Secretary may confer in relation to any proposed dealing and if considered appropriate may issue a prohibition under this share Trading Policy.

6.7. Directors to notify ASX of shareholding

The Directors are required to complete, or request that the Company Secretary complete, necessary forms to be filed with ASX in respect of their shareholding in the Company for the purposes of section 205G of the Corporations Act and the Listing Rules.

All Directors have, and new Directors will, enter into a Director disclosure agreement with the Company (as set out in Guidance Note 22 of the Listing Rules). The Company Secretary will maintain records of signed copies of these Directors disclosure agreements.

6.8. Exceptional Circumstances

Where, in exceptional circumstances, and it is the only reasonable course of action available to a Restricted Person clearance may be given for the Restricted Person to sell (but not to purchase) shares in the Company when that person would otherwise be prohibited from doing so. In this section 8, “exceptional circumstances” means severe financial hardship, a court order (or court enforceable undertaking), or some other overriding legal or regulatory requirement, to transfer or sell shares in the Company, or other circumstances that may be deemed exceptional by the Chairman. For example, a Restricted Person may be in severe financial hardship if he or she has a pressing financial commitment that cannot otherwise be satisfied.

The Chairman may not give clearance under the exception in this section 8 if there is a matter about which there is inside information in relation to shares in the Company (whether or not the Restricted

Person knows about the matter) when the Restricted Person requests clearance or proposes to deal in shares in the Company.

The Chairman will decide if circumstances are exceptional.

Any clearance given by the Chairman in accordance with section 8 must be in writing (which may be in the form of an email). The Chairman must determine, and specify in the written clearance, the maximum duration of the clearance.

6.9. Trading not subject to this Share Trading Policy

This includes decisions relating to whether or not to take up the entitlements and the sale of entitlements required to provide for the take up of the balance of entitlements under a renounceable pro rata issue.

7. Insider Trading Policy

7.1. Policy

The Board has established the following Insider Trading Policy to apply to trading in the Company's shares on ASX.

This policy applies to all Directors, Executives and Employees. All Directors, Executives and Employees must not deal in the Company's shares while in possession of price sensitive information.

In addition, the General Share Trading Policy (see above) sets out additional restrictions which apply to Directors and Executives of the Company.

The law imposes a number of significant restrictions on employees of a company when they deal in their company's shares. As fiduciaries, these persons must not utilise their position for their own gain or for the gain of any person other than the company.

The Corporations Act imposes severe penalties (both criminal and civil) on persons who conduct insider trading activities. Any perception of improper conduct by Employees also has the potential to substantially damage the Company's reputation.

The Company has established this Insider Trading Policy in an effort to prevent the incidence of insider trading in the Company's shares. This Insider Trading Policy provides a general summary of the law in Australia in relation to insider trading, and as such operates in addition to the legal requirements.

It is the personal responsibility of each Director, Executive and Employee to comply with this Insider Trading Policy.

7.2. Overview of the insider trading provisions in the Corporations Act

It is the illegal for anybody to deal in any shares of a body corporate (including the Company), when in possession of information that the person knows, or ought reasonably to know:

- (a) is not generally available (including information that the Company has not disclosed to the market in accordance with the Company's Continuous Disclosure Policy); and
- (b) might have material effect on the price or value of those shares if it was generally available (**Inside Information**).

This prohibition extends to procuring another person to deal, and, in the case of shares of listed corporations, extends to communicating the inside information to another person, if the person knows, or ought reasonably to know, that the other person would, or would be likely to, deal in the shares in question or procure another person to do so. To communicate Inside Information to another person is also an offence which carries both civil and criminal penalties.

An Employee or Executive in possession of Inside Information about the Company has a duty to keep that information confidential and must not in any way disclose or communicate that information to any person.

7.3. Dealing with security analysts, institutional investors and journalists

An Employee or Executive may be exposed to others outside the Company such as security analysts, institutional investors and journalists. It is important that all Directors, Executives and Employees be aware that selective disclosure of non-public information may result in a breach of the insider trading rules.

It is important to emphasise that it is the mere fact of conveyance of the material non-public information that gives rise to liability, not the manner in which it is conveyed.

It is possible to convey information in breach of this Insider Trading Policy and the Corporations Act by expressing subjective attitudes about the Company's performance or by calling attention to selective information not available as an aggregate to the general public. It is essential to avoid the indirect conveyance of information by any means whatsoever.

If during the course of a discussion with any analyst, journalist or other outsider, material non-public information concerning the Company is disclosed, inadvertently or otherwise, the recipient of the information should be informed of its non-public nature and cautioned against its use unless and until the Company has made full public disclosure of the information. The Company Secretary should be notified of the situation immediately so that a decision can be made regarding disclosure of the information.

No public comments should be made regarding any previously undisclosed operating results or other developments unless authorised by the Company.
